

# Full Face Protection Shield

## Features

- 12.5" x 10.5" shield for full coverage
- Simple and Sturdy
- Fit most other protective gear
- Lightweight
- Disposable
- Comfortable elastic band
- ANSI Z87.1 8.1.2 Face Shield Droplet and Splash Hazard compliant.

The ResponsePPE™ Full Face Protection Shield provides full face coverage for healthcare workers in an easy-to-use, lightweight, disposable product.

## Product Details

Provided either as ready-to-use individual units or bulk packaged for final assembly at the healthcare site, the ResponsePPE™ Full Face Protection Shield is a cost-effective solution to protect staff. Bulk packaged shields are provided with simple assembly instructions, requiring on average less than one minute per unit assembly time.
